L2 Aviation Hires Richard Welch as RAMS Manager

Austin, Texas– August 18th, 2015- L2 Aviation (L2) is pleased to announce that the company has hired Mr. Richard Welch as Remote Avionics Modification Services (RAMS) Manager. Mr. Welch (age 42) brings over 23 years of Heavy Maintenance and Modification experience to the company and has particular expertise in Production and Program Management within the MRO sector supporting both the FAA Part 121 Air Carrier and aircraft Leasing Companies globally. Prior to joining L2, Mr. Welch worked as a Program Manager with AAR where he was responsible for leading teams in all aspects of commercial aircraft heavy maintenance and modifications.

L2 Vice President Operations, Dean Rudolph said, “L2’s avionics integration and engineering services are in high demand and as such we are continuously looking for qualified candidates to join our team.” He added, “We are extremely pleased that Richard has joined the L2 team.”

About L2

L2 Consulting Services, Inc. (www.L2aviation.com) provides avionics engineering, integration and installation services (FAA CRS L2ZR265X) for the global air transport industry. Since 1997, the company has been performing integration of digital avionics systems into analog and digital aircraft. Additionally, L2 offers full installation and support capabilities. L2 specializes in Iridium, Flat Panel Display Systems (LDS), NextGen (including ADS-B), EFB, ACARS, RAAS, TAWS, Terminal and Cabin WiFi (3G), DFDR and FMS among other avionics systems.
