PRESS RELEASE

Industry Veteran Steve Pascoe joins L2 Aviation as Engineering Manager

Aeronautical engineering leader joins the L2 Aviation management team.

Austin, Texas: L2 Aviation, a leading supplier of global avionics services including engineering, parts, certification, installation and manufacturing announced today a key addition to its management team with the addition of Steve Pascoe as Engineering Manager overseeing the L2 Aviation Engineering department.

“I am thrilled to be a part of the L2 Aviation Team”, said Steve Pascoe. “L2 Aviation’s engineering team and capabilities are second to none that has allowed them to continue to grow and help customers design the future of aircraft connectivity, safety and convenience. I plan on continuing that tradition and achieve an even higher level as we continue to grow and add new projects without losing focus on our commitment to being customer centric.”

“Steve is an engineering expert who brings a phenomenal grasp of both emerging technologies and a unique understanding of how to provide engineered solutions for aircraft operators that fits their organization perfectly”, said Kevin Paul, Vice President, L2 Aviation Engineering Value Stream. “He will be

an integral part of our growth as we continue to expand our business and service offerings to meet the needs of the post-pandemic aviation industry. We are pleased to have Steve on the team.”

About Steve Pascoe

Mr. Pascoe is the former Senior Engineering Manager for Gogo, a provider of in-flight broadband connectivity (IFC) and connectivity-enabled entertainment services (IFE). Mr. Pascoe’s experience also includes being the Program Director for Global Eagle Entertainment (GEE) where he led new product implementation and Collins Aerospace, formerly Rockwell Collins, where he was a Principal Programs Manager for airborne Communications, Navigation and Surveillance systems. Mr. Pascoe earned a Bachelor of Science in Electrical Engineering from Boston University and an Executive Masters of Business Administration certification from Santa Clara University.

About L2 Aviation

L2 Consulting Services, Inc., doing business as L2 Aviation, provides global aircraft modification support services including avionics engineering, system design, repair, certification, kitting and installation for airline, government, military and business aviation customers. L2 Aviation specializes in complex avionics solutions and remote installations focused on reducing down-time and mitigating crew workload. L2 Aviation makes great airplanes BETTER!
