PRESS RELEASE

Avionics Veteran Preston Dane joins L2 Aviation as Senior Account Manager

Industry expert joins the L2 Aviation Sales team.

Austin, Texas: L2 Aviation, a leading supplier of global avionics services including engineering, parts, certification, installation and manufacturing announced today a key addition to its sales team with the addition of Preston Dane as Senior Account Manager responsible for strategic and key channel partner accounts.

"I am excited to be joining L2 Aviation as they look to expand their capabilities and support for the industry as it recovers", said Preston Dane. "L2 Aviation has an incredible team all dedicated to providing exceptional results focused on minimizing aircraft down-time and unexpected surprises. I have worked with L2 Aviation in the past and have always admired their team and I couldn't be more thrilled to be joining that same group!"

"Preston is a proven leader in avionics systems with years of providing technical support and expertise that customers trust and rely on", said Tony Bailey, Vice President, Business Development. "The addition of Preston, especially during these times, clearly demonstrates our commitment of being a totally customer centric company. We are driven to be a dedicated partner for our customers and provide unparalleled support and innovation they can count on. We are pleased to have Preston on the team."

About Preston Dane

Mr. Dane has over 30 years of Avionics Engineering and Technical Sales experience in the development and support of SATCOM, Cabin Avionics and Electronic Flight Instrument Systems. He also led design teams for Flight Management Systems and Interferometric Fiber Optic Gyroscopes. Mr. Dane spent over 30 years with Honeywell International where he began his career as a Research and Development Engineer in Sensor Development then made the transition in to Avionics Systems Engineering, Avionics Product Development, Field Service Engineering and finally Technical Sales as a Senior Manager for Aircraft Connectivity. In Addition to Honeywell, Mr. Dane served as a Senior System Design Specialist at Lockheed

Martin for the Block 60 F-16 Advanced Avionics Development and at Horizons Technology for avionics support of the Air Force E-3 AWACS. Mr. Dane has received numerous awards and patents and is a graduate of Oklahoma State University with a Bachelor of Science Degree and a Master of Science Degree, both in Engineering Physics.

About L2 Aviation

L2 Consulting Services, Inc., doing business as L2 Aviation, provides global aircraft modification support services including avionics engineering, system design, repair, certification, kitting and installation for airline, government, military and business aviation customers. L2 Aviation specializes in complex avionics solutions and remote installations focused on reducing down-time and mitigating crew workload. L2 Aviation makes great airplanes BETTER!
